Share Your Heroic Story!

Reflect on and think of a way to highlight the work that you have done! Share what your club has done to raise awareness about organ, eye, tissue and blood donation. This is your opportunity to show off the great work you have done. Invite your ConnectLife representative to this presentation and anyone else from your school community who you want to tell about the impact you have made as club members.

Examples of Possible Reflection Presentations:

- ***PowerPoint highlighting what your club has done throughout the club year***
- ***A video montage***
- ***A group oral presentation***
- ***A photo gallery***

Presentation Guidelines

- Final presentations can be done once you have completed Mods 1-5.
- Final presentations should be completed no later than June 19.
- During your presentation you should explain what your club did to raise awareness about organ, eye, tissue and blood donation. Use the below presentation guide to prepare for your presentation. Get creative! This is your time to show off all the great things you have done.
- The presentation can take place at a club meeting and should be at least 15 minutes.
- Invite your ConnectLife representatives to attend your presentation.

ConnectLife

Your presentation should include:

1) How did you run your club? (Did you have a leadership structure? How often did you meet?)

2) Who did you educate?
   - Reflect on how your conversations went when you asked someone to donate blood or sign up on the registry. Were people open to donating or becoming a registered organ donor?

3) What was the impact?
   - How many people donated at your school's drive? Take that number and multiply it by 3. One pint of blood can save up to 3 lives. Your school potentially saved ____ lives!!
   - How many registry cards did you turn in? One organ/tissue donor can impact the lives of up to 75 people. Multiply the number of completed registry cards by 75. Your school's participation could one day save ____ lives!!

4) What worked and what didn't?
   - Did your awareness campaign work out how you initially planned?
     - If not, what did you change?
   - Did all club members contribute or participate?
     - If not, what will you change for next year?

5) What was your favorite part of the club?

6) What do you want to see ConnectLife do differently next year to better support your club?
